where it all began...

Back when first edition of The Miskodeed started, more than a century ago, it was young and new. The importance of the yearbook wasn't understood yet. Everything that had happened has been recorded in the yearbook for all to see. Sometimes they had pages dedicated to the trends of the time, for example, popular hairstyles, music, or modern, for the time, technology. The yearbook staff discovered that they were the historians of the school, and the whole point of the yearbook had been confirmed!

Mishawaka

Cavemen

long story short...

Now, as the people and culture changed and evolved, so has the yearbook. As done in the past, the yearbook continues to be a great historian, recording everything for everyone to see. Maybe some people still don't think that yearbooks are all that important, but this book holds memories, it's a reminder of who we were, a memory, a testament, of our past selves. This is much more then a book, it isn't just some pictures and miscellaneous nonsense, it's memories that have been recorded and saved forever. It may help illustrate the stories that once were. In this edition, we've decided to remember the past, and try to bring back some of it's good qualities to incorporate in this publicatoin of the Mishawaka Miskodeed.

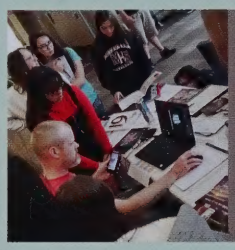
2020 Retirements

Mr. Spier has taught at Mishawaka High School for 32 years. He taught Earth Science in hopes of spreading awareness to students. He taught to inform students about different aspects the planet has, such as natural disasters and even the beautiful sights there are.

He wanted to inspire others to make a difference and care for the planet. In retirement Mr. Spier plans to spend his days doing one of the things he loves most, enjoying nature. He plans to go on hikes in the morning, and possibly do some traveling.

After 35 years of teaching in both Mishawaka and South Bend schools, Mr.Gamble will be retiring, but that does not mean he is stopping doing what he loves. Mr.Gamble intends to continue his teaching career as an Adjunct professor of music at IUSB, director of the Jazz Assemblage of Elkhart, and play his trumpet far more than he does now. "I'm going to study music composition and arranging with the ultimate goal of pursuing my doctorate." His favorite parts about being a teacher at MHS was seeing former students continue to stay involved in music and seeing the students musical and maturity growth from 7th-12th grade. He has also enjoyed being able to teach different generations, "I have taught the kids of former students from 25-35 years ago. I actually have at least two former students that recently became grandparents." The advice he hopes to leave behind?-"Stay focused and never stop fighting for what you believe in. I wanted to be a band director when I was 10 years old. I'm not stopping now."

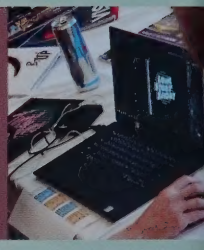


WORKING TOGETHER

Working together is a big role that the Miskodeed have as they work together and grow closer to each other when working together.

SIGNING THE MEMORIES

The Yearbook signing party was a huge success! Friends gather to sign and remember the great things of high school.



"What's the best part about being apart of the Miskodeed staff?"

"I enjoy working with the public to produce the best product for them."

SAM BUCHMANN

MEMORIES

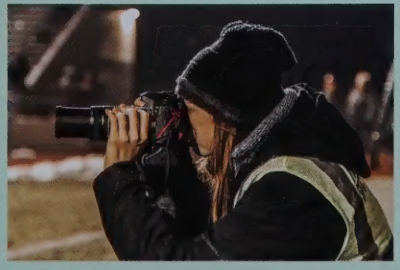
Yearbook has been making the book the best for everyone. Making many memories is the biggest thing for the yearbook.

Long Story Short... We've been around awhile!

Dating back to 1912, the *Miskodeed* has been around for over a century. Having a solid, well crafted chronicle of the school's history that preserved people, dates and events from the past was always very important. Thus, the Miskodeed was created.

Student staff members played a huge role in creating the yearbook. Attending events, taking photos, and interviewing students and staff was a key role in being able to pull off such a huge task. Under the leadership of Mrs. Buchmann, students learned the foundation of journalism and publishing. And believe us, it was harder than you'd think. Working to produce such an important book came with its share of hardships. Although a lot of debate and some disagreement occurred, at the end of the year students, parents and the community were presented with a book of memories that will last a lifetime.

staff attend a Josten's Yearbook Workshop at Valparaiso University on October 3, 2019



Izzy Barstow, 12, is an aspiring senior photographer who helped the Miskodeed staff with pictures of athletes, events, and anything they need. She was as much a part of the Miskodeed staff as any of the editors and we appreciated everything! Good luck with your future in photography! A huge thank you goes to you and all you have done!

Sincerely,
The Miskodeed Staff

Shining Senior

Paishence Johnson, (11), smiling brightly after a 2019 Mishawaka track event.

Winning gals

Indiah Jones,(10), Ambriy'ana Udongo,(11), Deijana Smith,(12), Paishence Johnson,(11), were all on the 4x100 relay. Their team won sectionals, NIC, princess relays, and regionals.

A Season To Remember

Over the course of the 2019 season, the girl's track team had an amazing season going undefeated. They won the conference, sectional, and regional titles. After six years of only away meets, the Cavemen finally got their brand new track and put it to good use. Throughout the season, they've competed against multiple talented teams, but held down every win on their home turf. Adding to these victories, the team also advanced many runners to represent Mishawaka at the state meet in Bloomington.

Pictured, Davonn Parker, (10), and Joseph Walker, (11), can be seen in the final leg of the 4x100 meter relay. Their relay team, who also included Chris Harness, (12) ,and JP Young, (12), took many victories over the course of the 2019 season.

Hardwork Pays off

With workouts and team bonding throughout the off-season, the Cavemen became more prepared than ever before.

Sliding into success

Collin Fee, (12), makes a close call sliding safe into second to keep the Cavemen in the inning .

Cavemen Baseball

The Mishawaka Caveman Baseball team finished an amazing season with a final record of 25-7, which also happens to be the second best record in school history.

Preparing for the Hit: Ryan Watt, (11), prepares for batting. Ryan had an amazing season and advanced with his team to the regional championship.

Ryan Watt

Ryan Watt , (11), had an outstanding season on the mound. This terror on the hill was absolutely amazing with catcher, Derrick Dawson.

Nick Bodle

Nick Boodle, (12), had a rough start to his senior year with an elbow injury, but this didn't stop this outstanding fielder and hitter from being a beast at the plate and in the outfield.

Derrick Dawson

Derrick Dawson, (11), stood out greatly this season. His bat was electric the whole season, giving the Cavemen serval runs and helping move batters around.

With much success in the 2018-2019 baseball season, Coach Huemmer had much positivity to share. He expressed his happiness with senior leadership on the team and the positivity with team work. Everyone played an important role.

Regional Champions

The Cavemen baseball team had an outstanding season. With very few losses, the Cavemen advanced and carried their season all the way to the regional championship.

SWINGING FOR THE STARS

About Ruby Bridges Club

Ruby Bridges Club is a club dedicated to learning about the past and the individuals that made sacrifices for education. Ruby Bridges, the clubs name-sake, was the first African-American child to attend a white-dominated school. She endured the struggles and risks that came with going to that school so that others could follow in her footsteps and obtain an education.

Ruby Bridges Club founder Ms. Ross believes the values the club teaches is extremely important for the students to be exposed to, especially in today's world.

Sophomore Tanice Clark joined the club because she loves learning about the past. It offered her the chance to change her perspective on education.

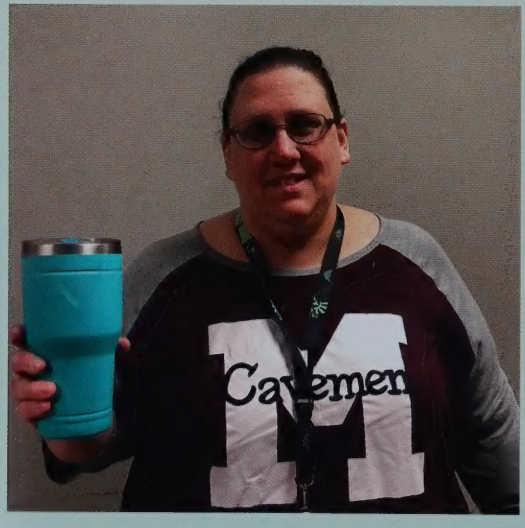
"If you don't understand the past, then you can't understand the present, and you won't appreciate the future."

-Ms.Ross

Ruby Bridges Club

Chess Club

Mrs. Johnson (Below) is the creator of chess club as well as a math teacher here at MHS. She is passionate about her job and wanted to provide an opportunity for students to learn about the game while having fun.

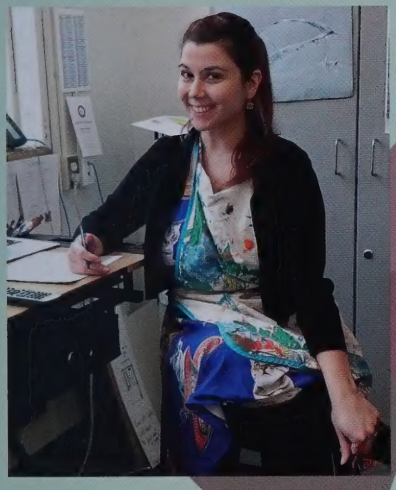


Quinto Squadroni was excited to participate in Chess club this school year, "It's a very fun activity. It teaches you reward, strategies, and problem solving. It's a love I have and I share it with a lot of my friends."

Quinto Squadroni(10) Andrew Sinkiewicz(10)

GSA Club
Gay Straight Alliance

GSA is a safe and happy environment that is full of caring, open-minded people. It's a place to come joke around but also to have a heart-to-heart conversation. It's somewhere to go where everyone fits in and is included. Even as a senior, Mackenzie Roets learned how to be more accepting of herself and others.



Mrs.Bill (left) is one of the art teachers here at MHS and runs the GSA Club. She is known for her sweet and caring personality as well as for her ability to listen and understand her students.

Many students join the GSA to find people to relate and connect with. Mackenzie Ruprecht (10) said, "I joined this club because I enjoy hanging out with my friends in a safe and judgement free zone." Other students, like Maggie Edel (11) joined to learn about themselves. "I have learned a lot, especially about the amount of labels that I identify as."

Fellowship Of Christian Students

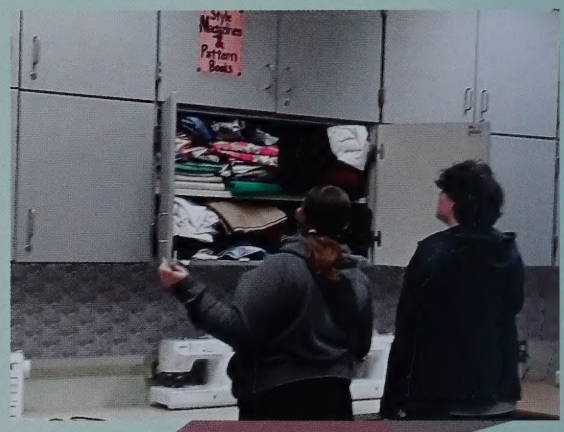
Fellowship of Christian students is a club open to all students here at MHS. It offers a chance to communicate with students about their religion and beliefs.

Senior and President of Fellowship of Christian students, Brianna McDonald(12), is very passionate about her religion. "A lot of people who are not brought up in a religion have the opportunity to learn and experience what it could offer you."

Alicia Katzelis was asked about her participation in the Christian Fellowship club and had some fantastic answers. Alicia joined the club because of the Christian household she grew up in, and the support of her friends. She says it is nice to have a religious group at school and the positivity in the morning.

"My favorite memory is when Mr.Halicki made us all food and we held a Christmas party. It was nice to have a home made meal at school surrounded by all of our friends."

-Brianna McDonald (12)



Sewing club was created to provide a great way for students to learn while having fun. Teacher and founder of Sewing Club Ms.Nelson says "If you want to learn to sew, you can! Theres no commitment, just come by."

Sophmore Erynn Murphy (10) says their favorite part of being in sewing club is that there is no limits on what you can make.

Senior Adrian Double (12) has always wanted to get into sewing and thought this was a great place to start.

Sexual Assault Can Happen Anywhere, Even

THE ALLTOLD

Each year the journalism students carefully cover the issues important to students. This year we investigated sexual assault in high schools, chronicled the end of an era in football, the importance of mental health availability for high school students and many other topics. No one foresaw the biggest story of the year for the high school coming from a place few had heard of: Wuhan, China. On January 3, 2020 word spread across the world of a deadly virus worse than SARS, H1N1 and MERS. This was fast spreading and airborne. While we watched the infected and death numbers soar in far away places like China and Italy no one really thought it would be a big deal here. Fast forward to February and Washingon State cases exploded, then California and so on. St. Joseph County reported its first positive case in March and by March 16 the list of school corporations closing in Indiana was mounting. Included in the list was School City of Mishawaka. But the story was ever changing. If began with a two week closure then a four week closure and as of the printing of this book, Indiana Governor Eric Holcomb has closed all schools in the state until May 3. This meant *Shrek the Musical* was put on hold, the senior honors dinner canceled, senior spring sports seasons paused, prom up in the air...and the yearbook submitted partially incomplete. No one in the school will soon forget the coronavirus pandemic of 2020, especially the seniors.

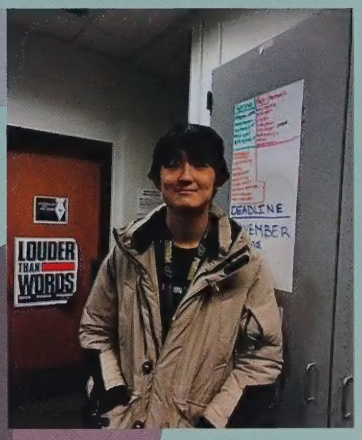
Felipe De Paula Castro is from Brazil. Back at home, he misses friends and family. He said living here with his new family is going good. Felipe would like to come back to the United States in the future. Felipe's favorite thing about school is extracurricular. He says it is much colder here than in Brazil. He came here because he wanted a change from his life back home.

Get to know Juhong



Juhong Min is from South Korea, at home he didn't have the opportunity to play sports as we do here. He very much enjoys being able to do sports here. The weather climates in South Korea are very different. The food here is also very different.

Get to know Rafael

Rafael De Paula Siquerira is from Brazil. Rafael misses the weather he had back at home. He says living here with the new family is going well. Rafael would like to come back to the United States in the future. One thing that he did at home is going to events with friends. His favorite thing about school is clubs.

Get to know Sara

Sara Formica is from Italy. Back at home, Sara misses friends, family, food, and the weather. Sara says it's going good with her family here. Her mom here was born in Italy. Her schooling is different, there she goes to school 8 to 2 and they don't eat at school. Something she would do back in Italy, that she doesn't do here, that she misses, is DISCO. DISCO is a place she goes to every Saturday night, she hangs out and dances with friends. In Italy, they don't have sports or after school activities. Sara says she practices at the gym and swims two times a week. Sara said she likes the United States, she needed something different, and the USA is perfect.

Get to know Lydia

Quinyue Wang, also known as Lydia, comes from China. The biggest difference here in America is the food and weather. Lydia said she misses everything about China, the food, family, friends, and much more. She wanted to come to America to try something new and to get the experience of a different culture.

Throwbacks making a comeback

"The dressing has gotten longer and they're not as metallic or neon. Today more people go with natural and soft tone colors. They're more simplistic and beaded rather than loud and puffy." - Clarice Alexander (12)

"The pattern, color, and design of the clothes have changed drastically throughout the years."
- Austin Mangrum (12)

It's not hard to tell that fashion has changed drastically throughout the past few decades. From the way we cut and style our hair to the way we style our clothes. A handful of students today are trying to bring back old styles and the teachers are here for it! Take a look at the differences and the similarities from the fashion of our teachers in high school to our high schoolers today.

Back to the Basic's

What is your fashion inspiration?

Junior, Alex Noland said, "I inspire myself for my fashion. I do not care what others think, so I wear what I want."

How do you feel about older fashion coming back today?

"I feel like older fashion coming back is something that is definitely popular and I think that it gives people more creativity to express themselves in what they wear." - Kaitlyn Wroblewski (12)

How did you leave your mark in your senior year?

"I am leaving my mark on MHS during my senior year by dedicating myself to bettering our academic teams and setting our teams up to be better than ever in upcoming years. Also, I'm attempting to get students excited about being active in the Mishawaka community both politically and by getting involved in local volunteering projects." - John Jachimiak (12)

"This is a picture with me and my favorite teacher senior year, David "Robie" Robertson. We are wearing Robie T-shirts I designed that year commemorating that awesome teacher."
-Mr.Sergeant

"I was with my youth group and we went on a trip to a hotel and they had a pool. I was trying to impress a girl... It didn't work."
-Mr.Sagarsee

"Everyone still wants to dress up. Prom is still classic. It's one of the first times that a guy gets to wear a suit and a girl gets to wear a formal dress. The colors and cummerbunds are the only big changes. "
- Mr.Kowalewski

How did you leave your mark in your senior year?

"I left my mark by painting murals in the dressing rooms, being on stage as an actress, having many solos, and being on the tv morning news."
-Mrs.Bill

How did you leave your mark in your senior year?

"I was the very first African American homecoming queen in my school."
-Miss. Ross

How do you feel about older fashion coming back today?

"It brings back memories."

The End of a Tradition

This year was the last year that Mishawaka played in the N.I.C. before we switch over to the N.L.C. Which means,this is the last year that the Cavemen will play the Penn Kingsmen in the Backyard Brawl.

"I think the fact that we get to start a new rivalry with the new Elkhart High School in regular season will be very interesting. We will play the first game at Rice Field against the new Elkhart team." says Coach Keith Kinder.

Even though Mishawaka is moving conferences there are still some adventages to it. There will be the chance that Elkhart High may not be our only rival. Many new opportunities have opened up with switching conferences, and the Cavemen welcome them all.

"I think one of the great things that has happened this year is that a good number of the junior class that have a starting position have learned how to play the next play from the seniors. Things haven't gone as perfectly as they did last season, but to be able to react accordingly and responsibly to adversity is what's important."

Friendships Made Forever

The boys tennis team made many memories over the season.

Playing the best

The girls can be seen practicing for their next big match by playing their own coach.

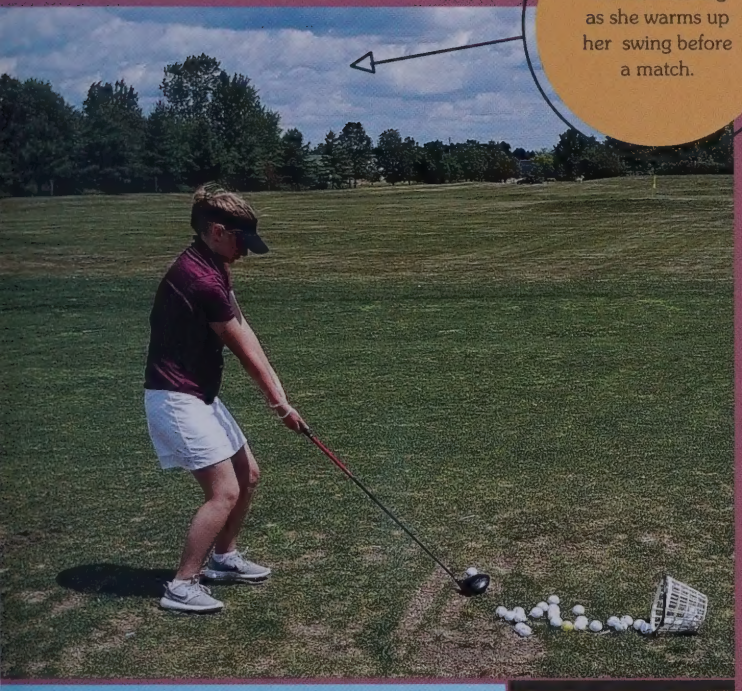
Tough Competition

This season, the girl's gold team advanced to playoffs. The ladies played in the first round of the 2019 sectionals match.

Girls Golf

The girl's golf team had a fantastic season. The ladies pulled through the season with multiple wins. They worked as a team every single practice and match.

The ladies worked together as a team and overcame an obstacle that was thrown at them. Getting 2nd in mutliple matches, the ladies played through another amazing season together. With new additons to the team, each girl has a strong suite to contribute to the team.



Sarah Burns,(9), is concentrating as she warms up her swing before a match.

Sarah Burns, (9),made great improvement during her entire season. At one of the ladies' matches, she shot her best 9-hole in her entire career.

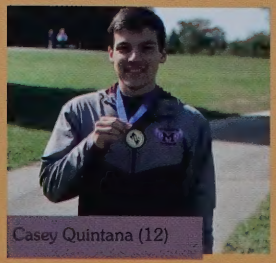
MISHAWAKA CROSS COUNTRY

The Mishawaka Cross Country team overall had a great season. Both the girls and boys team advanced multiple runners to semi-state. Casey Quintana fell short by half a second to qualify for the state meet. Even though the team didn't advance as far as they would've liked to, they still had a fantastic season.



Casey Quintana (12)

This season Casey Quintana won the first ever meet of his career. During the Northwood Country Clash he finished 1st. This was also his season's best time.

During the girls sectionals race Sarah Beshara(Left) placed second for the cavemen and Rachel Williams placed eighth. Overall the team finished in second place.

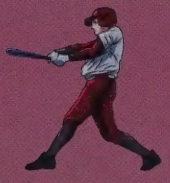
Signings

Jacob Laplace signed with Indiana Tech to continue wrestling. Jacob said, "it's always been a dream to go to college in general, let alone go to college in a sport with a scholarship. It's a big weight lifted off my shoulders and it feels amazing."

Jordan Holland has signed her national letter of intent to play volleyball at Manchester College. Jordan said, "It was my dream as a little girl. I always wanted to play college volleyball. So for this day to come. it's pretty cool." She was asked why she chose Manchester, Jordan said,"when I went there, the girls on the volleyball team were so nice to me. It is somewhere that I could be home for the next 4 years."

Paishence Johnson signed her national letter of intent with the University of Northern Iowa.. Paishence said, " this has been a journey. It's been really hard. A lot of you believed in me before I believed in myself. I want to thank you for that."

Joseph Walker signed his national letter of intent with the University of Michigan. Joseph said, "It's exciting. I've been waiting for this day. It's been a long journey, going to a lot of colleges figuring out what is the best fit."



Ryan Watt signed his national letter of intent to continue his education and play baseball at Western Michigan University. Ryan said, "I knew when I met the coach at Western Michigan walking around on campus that it was the right fit for me. The players and coaches all welcomed me into the Bronco family and I can't wait to get there."

Rachel Gomez signed her national letter of intent to play soccer with Holy Cross Saints. Rachel loves the sport of soccer and has been playing for 12 years. Rachel has also taken advantage of the early college credits offered by Mishawaka and will graduate with 62 credits, enough for an associates degree.

Mishawaka Marching Cavemen

During the 2018-2019 school year the Band had the opportunity to march down the streets of Walt Disney World.

The band begins every football Friday by performing on the pool-door steps as the crowd arrives for the game.

For Xavier Hartley (12), playing drums provides an outlet, "Playing through school has made my educational experience a million times better."

Drum Majors Trey Neely (11), Dalton Dodson (12), and Clarice Alexander (12) show off the marching band's Gold rating trophy from their ISSMA competition.

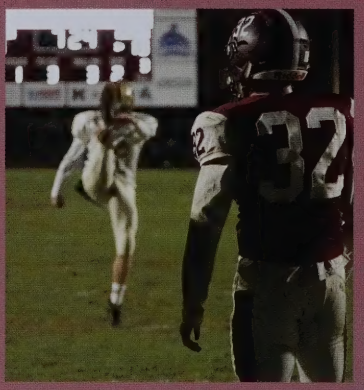
Penn Vs

The Last Game



For the past two+ decades, Penn and Mishawaka have been rivals. The backyard brawl became the name of the game, due to the rivalry between the Cavemen, and the Kingsmen. On October 18th, 2019, Penn and Mishawaka went head to head for the last time, due to the conference change at our school. It was a hard-fought game, but Penn took the dub after a long night. The final score was 21-13.

"It's like nothing else, the atmoshpere is electric, and just the support from our fans is amazing."

Mishawaka students aren't always recgonized for their hard work outside of the classroom, so The Miskodeed staff wanted to acknowledge just a few of the extracurriculars and activities that our students participated in and showcase their individuality.

Christian Bunnell (9)

"The show was great, especially it being my first time in theatre. It was just a great cast and great director. I am definitely gonna audition next year!"

Erik Guerrero (10)

"It was more postivtive compared to last year. Acting-wise I've grown a lot, thanks to Gardner. I really enjoyed my death scene because everyone was kicking me."

Clue On Stage

Mishawaka Theatre Department presented *Clue On Stage*. A mystery comedy show about six guests that were blackmailed into going to Mr.Boddy's mansion. This show was full of laughs, murder and twist and turns, for both audience members and the cast alike.

Final Words From the Director Himself, Mr. Gardner

"I'm so proud of the cast and their performance. They exceeded my expectations in both quality and performance. I feel as if we've raised the bar for our shows. Not only in acting but now we have things such as makeup and costuming which was run by Mrs. Sutch, helping us produce the best shows that we can. The fine arts department as a whole is very supportive and very wide spread. One of my favorite moments was the dress rehearsal. Seeing the whole show with the music, the costumes, the makeup and lights was so satisfying." - Mr. Gardner

Kerynne Pletcher (11)

"The experience was better, it's mainly thanks to our new director. The cast, as a whole, got along and it felt like we were bonding."

Kariana Radabaugh (12)

"I was prop master in the show, prop master is a newer position. One of my favorite rehearsals was when I had to hold a plant because there wasn't a cart yet. I remember how Kerynne and Christian never broke character."

Adam zoloman (12)

"Performing as Professor Plum as a whole was my favorite thing. Clue was a great opportunity to do something I've never done before."

What's new in Troupe 496?

Along with a new director came several positive changes. Director Gardner wanted to have the cast experience a more professional production. After being in several shows himself, he brought those elements to the troupe. Buying real stage makeup for the brand new makeup crew and formating a costume team to dress the cast which made the visuals of Clue more enjoyable. The theatre department was also given new mics to produce a better sound quality. Along with these new changes, came an influx of potential cast members both lowerclassmen and uppermen. The new additions in Mishawaka High School's Theatre Department have and are currently paving the way for bright and new generation of Thespians.

Senior Justin Potter attended the EACC to learn about automotive engines and systems. "This course has taught me a lot and guided me down different career options."

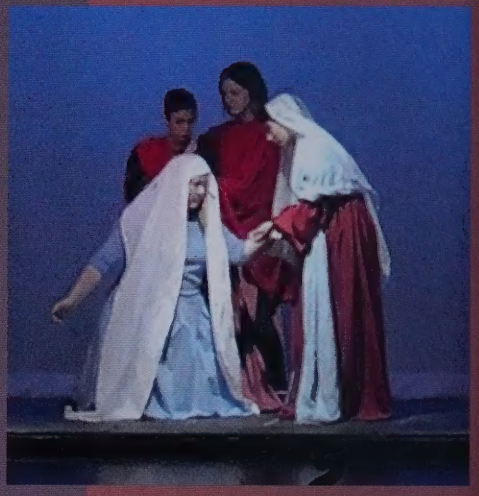
Seniors Rachel Gomez, Thomas Wojciechowski, and Megan Byrd studied in the EACC's Emergency Medical Services courses

VESPERS

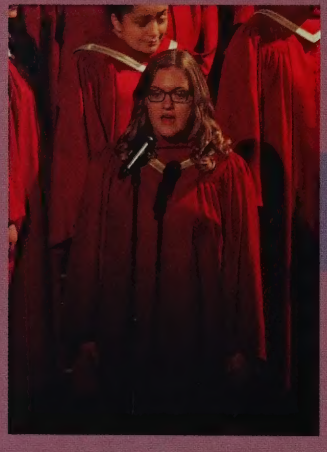
About Vespers

Vespers is an annual tradition here at MHS. Every year, staff and students get together from all different departments for a united performance for the community. Students from the choir, band, orchestra, and even theater dedicate their time to perfect this show for our enjoyment.

Students dress in costumes to recreate old religious paintings to decorate the stage as the choir's sound echoes through the auditorium



Students from orchestra and band spent time perfecting music to play in the pit for the performance



Kylie Blake(11) left, and Hayden Bean(12) right, sing their hearts out during their solos

Language Clubs

ASL Club

Ms. Marcia Haslett created ASL club with the intentions of giving students the opportunity to explore the langauge. Her goal was to, "Spread the idea of a Visual Language."

Freshmen Caitlin Slaughter was glad she joined ASL club. Not only was she excited for the new things she learned such as finger-spelling, but also for the yummy snacks.

German Club

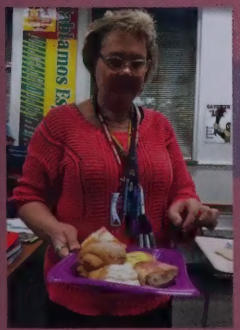
"German club is about learning the culture, having fun, and to try good German food. Along with becoming a family and getting to know each other."
-Frau Dambrauskas

Pictured below is the German club on their trip to Chicago.

Spanish Club

For Samarah Jimerson (9), Spanish Club was a way for her to learn about the countries she hopes to visit.

Pictured below is Spanish Club teacher Ms. Dambrauskas

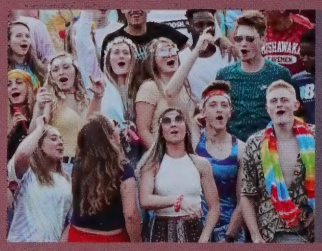


Senior, Brianna McDonald has been in Spanish Club for 3 years. Her favorite memory was going to Chicago and seeing museums, as well as the different restaurants.

French Club

Senior Alicia Katzelis went to French club whenever she could. It was a fun place to go spend her after school hours.

Junior Carla Castro enjoys being able to relax after school with friends and participate in fun activites.



The student section never fails to make every game memorable, regardless the score.

The MHS Football team makes sure to bring pep to every game. They start out their games with their chant, "oh yeah!".

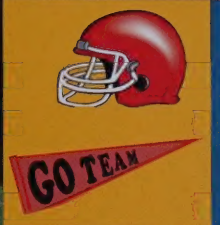
"I love the atmoshpere because our students are always enthusiastic. Being apart of the Student Section really brings out my school spirit"- Carrie Fozkos(10)

SECTION

In The Past

Powder Puff had been a long forgotten sport. These girls had the opportunity to bring it back and they surely did! The ladies revamped the sport in their own and brought back true teamwork and friendship.



In The Future

"Playing powder puff was a very rewarding experience. I hope the games become a tradition so that other generations get to experience the fun I had on the staduim." Emma Knip (11)

MAKING HISTORY

The lady cavemen held their first ever powder puff game in years

Along with the girls playing football a lot of the boys decided to give cheering a try!

SWITCHING ROLES

Overall many of the girls hadn´t played football before, but many of the girls are cheerleaders who decided to trade in their pom poms for a football. While some football players used their school spirit to cheer.

" I was very excited and it was an amazing opportunity for us girls to get out there and play some football, get rough. It was so much fun and the competiviness was crazy between us girls " - Lauren Selesky(12)

" Quite an experience, I never realized how fun it was to be a cheerleader, but it was an amazing experience" Mekhi Baker (10)

"The experience of playing football was an amazing feeling. Playing with friends and being on the field rather than being in the stands cheering the players on, it was an awesome feeling." Lexi Schlemmer (11)

The Class of '22

Ft. Elizabeth Johnson

Elizabeth Johnson has always been interested in showing her skills in baking. From cakes to cupcakes to even small little samples, she loves doing it. Her skills haven't always been how they are now. Her constant practice and new ideas have helped her improve and be the amazing baker she is today. With these creations, Elizabeth even enters her goods into contests and show! Her talent in this field allows her to gift some of her baked goods to friends and family.

SWIMMING AND DIVING

The Mishawaka boys and girls swimming and diving team had a great season. With many divers and many more swimmers, there was much improvement throughout the season. Leading the way was the teams seniors, along with the captains Mia Guerra, Abby Stahly, Eric Arseneau, Ethan Stanton, and Cole Karnes. Throughout the years the Misahwaka Swim and Dive Team has greatly improved. Each kid that passes through has their own unique personality to contribute to making the team better each year.

Team work

That's all that they need. As the girls basketball team fights for their victories, they do it through team work and becoming closer.

Together and Toughness is the Lady Cavemen's everyday motto to get through every practice and every game.

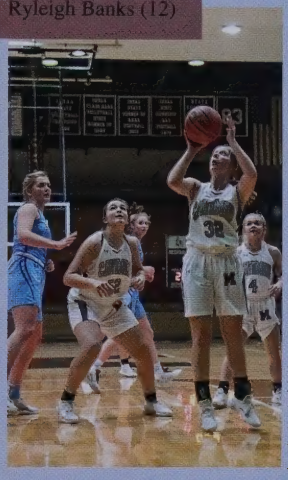
Ryleigh Banks (12)



Senior Captain Ryleigh Banks:

"This basketball season was by far the best one of all of my four years of high school. The girls on the team and coaches are some of the best people I have ever met. I am happy I got the chance to spend my last year with them. I would not have wanted it to go any other way."

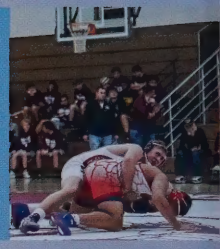
A BOND FOREVER

The bond made between teammates and coaches are bonds that will last forever and always be meaningful.

FOR THE WIN

Brody Foggarty, 11, attempting to pin his opponent.



WRESTLING

Mishawaka wrestling continued to produce top state wrestlers this year. MHS wrestling has always been a tradition in the community and school and this year did not disappoint. Seniors Joe Walker and Jacob LaPlace earned a trip to state and finished champ and runner up, resectively. From the beginning, the team has always been hardworking.

The coaches worked their team with conditioning, practices, meets and tournaments. Hard work and dedication has been the recipe for success for decades. With each new coach and wrestler, the attitude of champions continues on. Always hard working, the t team pushes through. Strong mentality taught in the sport prepares them for anything. The attitude and discipline learned and passed on to these boys and girls are what teaches them to be strong men and women. Tradition is a very important part in this sport, but modernization helps them to become the absolute best they can be.

JOSEPH WALKER

We thank God he chose us as your parents. As we helped you to grow into the awesome, Godly young man you are today, we are so proud of you academically and for the achievements you have made in wrestling. Keep God first and he will give you the desire of your heart. Continue to stand on the scripture, "I can do all things through Christ who strengthens me." We are so excited for the journey you are about to start. We love you!
-Dad, Mom, and all of your brothers and sisters.

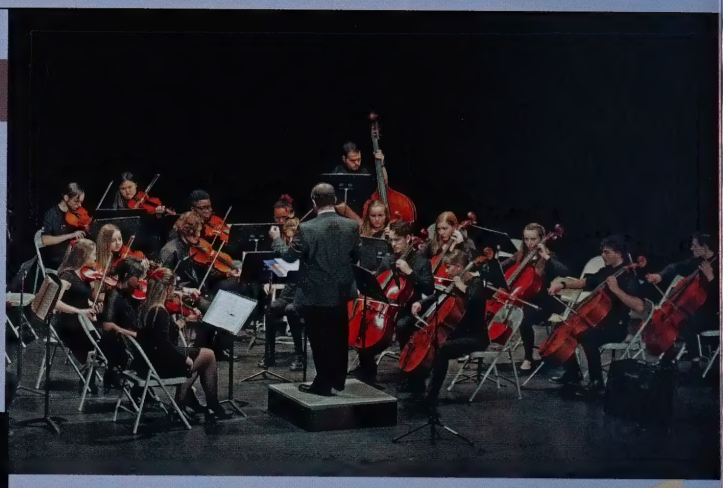
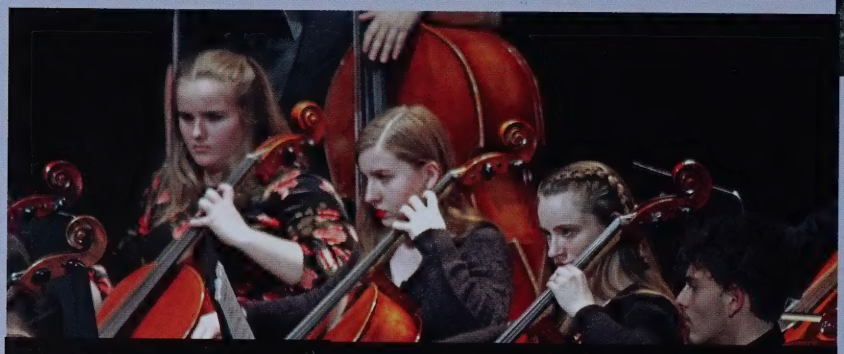
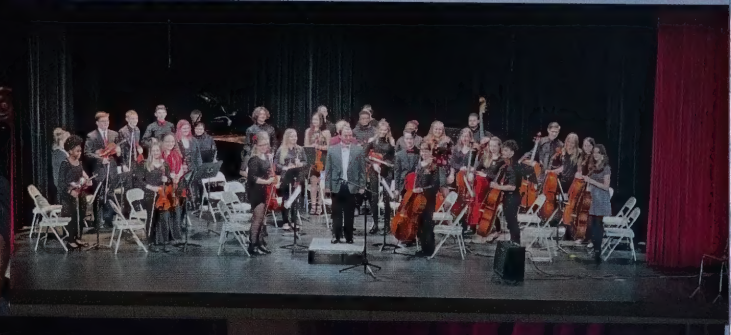
Orchestra

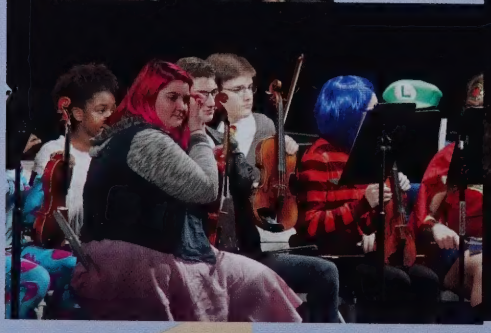
Orchestra is a style of music that has been done for years. Something that all orchestra musicians have in common is that they all share a passion for music. Every instrument has their own special sound and all together they make a beautiful melody to entertain their family and friends going to their concerts. Every year they improve especially with the help of the new orchestra director, Mr. Diller.



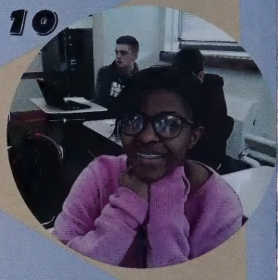


bottom the orchestra performing on halloween





Natalie Baumgartner, 10

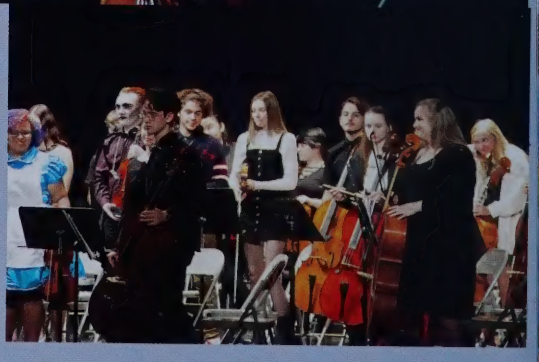


I've always loved music and the violin, so joining orchestra was just a given. I always recommended it to others. I started in 7th grade and just kept coming back. I love playing my insrument and learning more about music.

There always seems to be some new memory replacing the spot of favorite in my heart. She always has a blast and hopes to keep doing this in the future.

Lindsey Hagler, 10

Loves orchestra. Her favorite part is that there is always something new to learn, that there is no limits with imagination. "One of my favortie memories with orchestra is when I went to Florida and got to play my intrument with the rest of the orchestra students."



Choir

The choir department is split up into four different talented groups. Cadet choir, acapella, show choir, and chamber choir. Every singer loves participacting in choral events to show their singing abilities to their friends and family.

Cadet Choir

The cadet choir is the beginners choir. Under Mrs. Sutch's wing they learn and improve every single class day.

Acapella

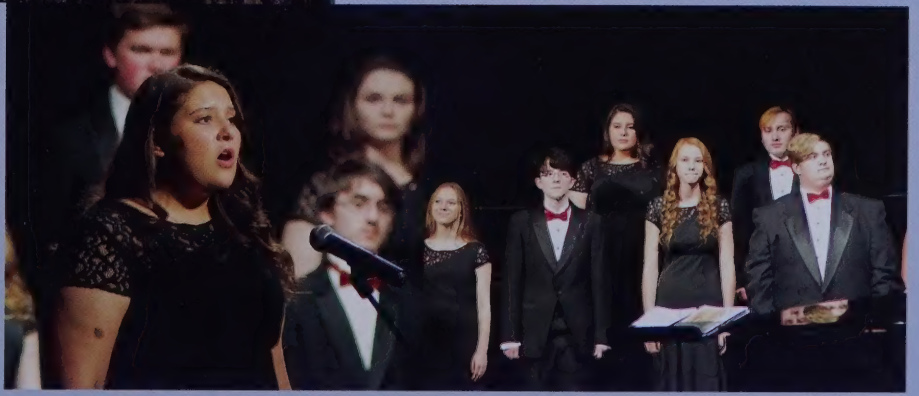
Acapella is a talented all girls choir group. With each performance they continue to grow and amaze us.

Show Choir

This year was Mishawkawa's very first show choir. The group learned a new way to perform and did it beautifully. We're excited to see more from this group in the future.

Chamber Choir

Chamber choir is a group of talented individuals that do several events, such as madrigal. They learn many things under the help from Mrs. Sutch and Mr. Brown. They even learn songs in different languages, Chamber Choir is truely the best of the best.



JAZZ BAND

Rhythm Section: Dalton Dodson(12)-Bass, Xavier Hartley(12)-Percussion, Kaylee Kern(12)-Piano

Senior Kaylee Kern enjoys the creativity in Jazz band, "Being the pianist allows me to experiment with all kinds of colors,tones and techniques. I love the feeling of being free with music." Kaylee recommends joining jazz band because it pushes you out of your comfort zone and provides new opportunities, "It's a new experience every day, and when you preform out in the community, you feel like you are part of something bigger than school or yourself."

Yasmin Brahim(11)

The MHS Jazz Band is full of dedicated musical students who have a love for performing. Being in jazz band allows them to expand their musical education and creativity.

About the Pep Band

No matter the score, you will always find the MHS Pep Band in the stands creating an exciting and energetic environment. These students volunteered their time to hype up the basketball games with fun tunes and school spirit. From getting down in the stands to putting in extra practice time, these students went the extra mile for our enjoyment and we thank you!

Braden Bails(9), Shane Gibson(10)

For some students like Shane Gibson (10), they join to play their instrument as much as they can,"I'll take any opportunity to play more. Music is an amazing thing and being able to use my abilities for entertainment is amazing."

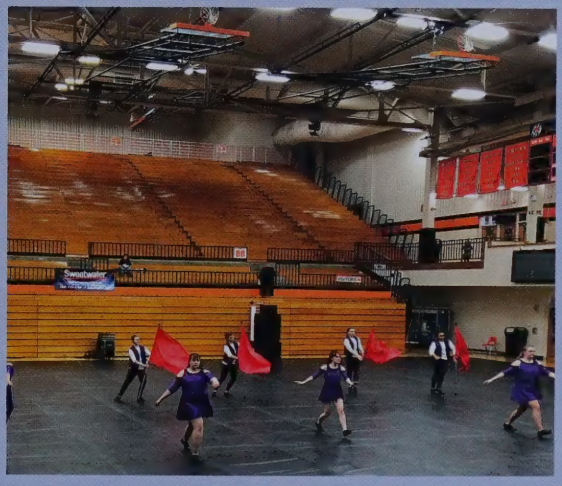
PEP BAND

WINTER GUARD

This years winter guard team is the first team to be created here at MHS. This years theme was love and relationships. They performed during the halftime shows at our basketball games and they performed at a competition in Warsaw. The songs that they performed to were *Rhythm of Love* by Plain White T's, *Bubbly* by Colbie Caillat, and *Marry Me* by Bruno Mars. The team has worked very hard considering it being their first year.

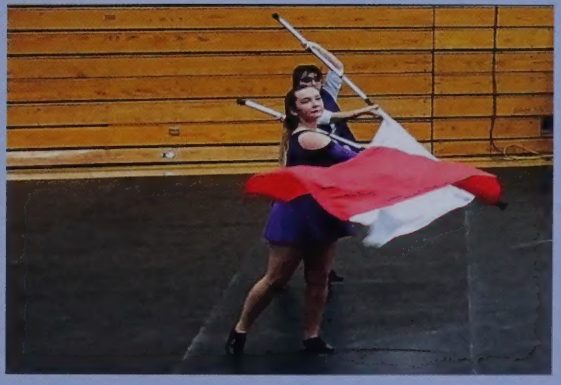
Left to right: Jocelyn Staub, Racquel Dodd, Flynn Scorzelli, Tasia Grzenia, Elizabeth Ball, Gracey Lovitt, Olivia Suiter, Alexis Cunningham-Gloster, Julia Alberts, Emma Taff, Katelynn Riddle

"Color guard is a team and a family that can grow and learn together, no one had any idea what we were doing when we started, but somehow we put together a show and had a great time doing it."
- Elizabeth Ball 10th



'It was fun to be on a team that was new to the school. I initially joined because i've never been on an official sports or dance team. i wanted to get out of my comfort zone. joining diminished a lot of my stage fright, which makes it more fun to do."
- Flynn Scorzelli 11th

"I think it's cool that we have a winter guard team. Throwing flags is a lot more fun than you think."
- Racquel Dodd 10th



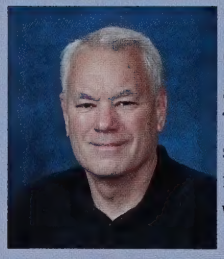
1978 COMPARED TO 2019/2020

What did you do during the winter of 1978? How was it?

What did you do during the winter of 2019? Which would you rather have?

1978

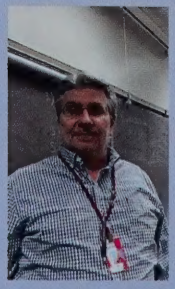
2019



"1978, classes were canceled. People couldn't go anywhere because we didn't have plows in Lafayette. The only people you would see out were on snowmobiles. 2019, I got to work on my yard and play frisbee with my dog. I rather have no snow during the winter." Mr. Breske

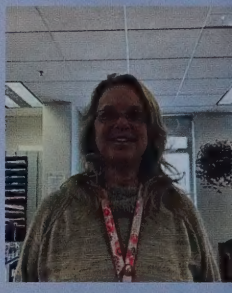
1978

2019



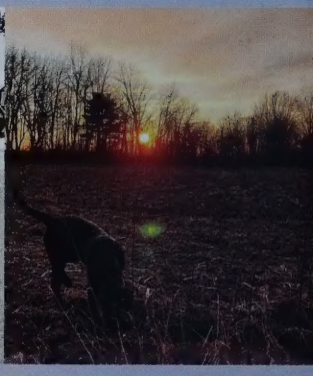
"I had to shovel a lot of snow, it got pretty deep. You were limited to what you could do. Schools and stores were closed. 2019 I got to be outside more, I got to travel more, and I got to see the sun actually shine, which was really cool. I wouldn't want to have snow.' Mr. Brickner

'During the winter of 1978 I built tunnels around our pool and barn. It was fun since we didn't have to go to school. During the winter of 2019 I was upset that there was no snow for Christmas. I did get to go to the Bahamas, and ride my motorcycle though. I would choose no snow over alot of snow." Mrs. Wisler



1978

2019



"The snowstorm during 1978 was blast, it was crazy. Step one was to shovel a path because the snow was so high. All the neighbors came together and helped each other out, which was cool. 2019 having no snow made it easier to get places when needed. I wouldn't want snow." Miss.Kizer

Food Drive

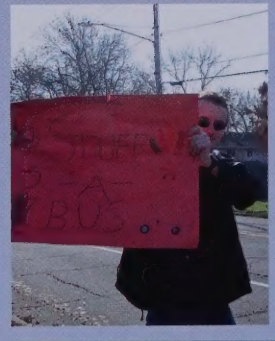
We recieved many donations from our students and staff as well as the event stuff-a-bus, for our grateful community food drive. Our annual food drive was a success this year feeding multiple families in the community in need.

Stuff-A-Bus

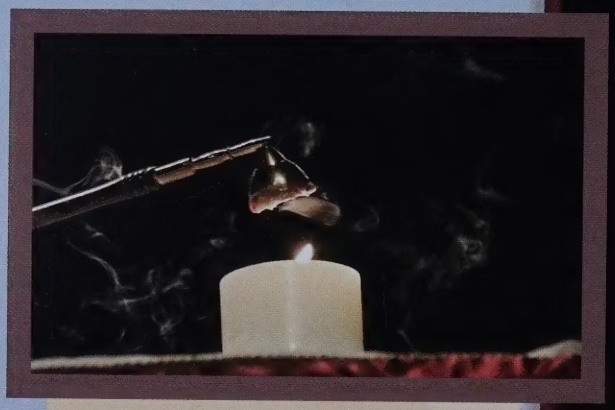
Stuff-A-Bus is an event where a group of students and teachers go to Kroger's to get many lovely donations to fill the bus with food for our community food drive.

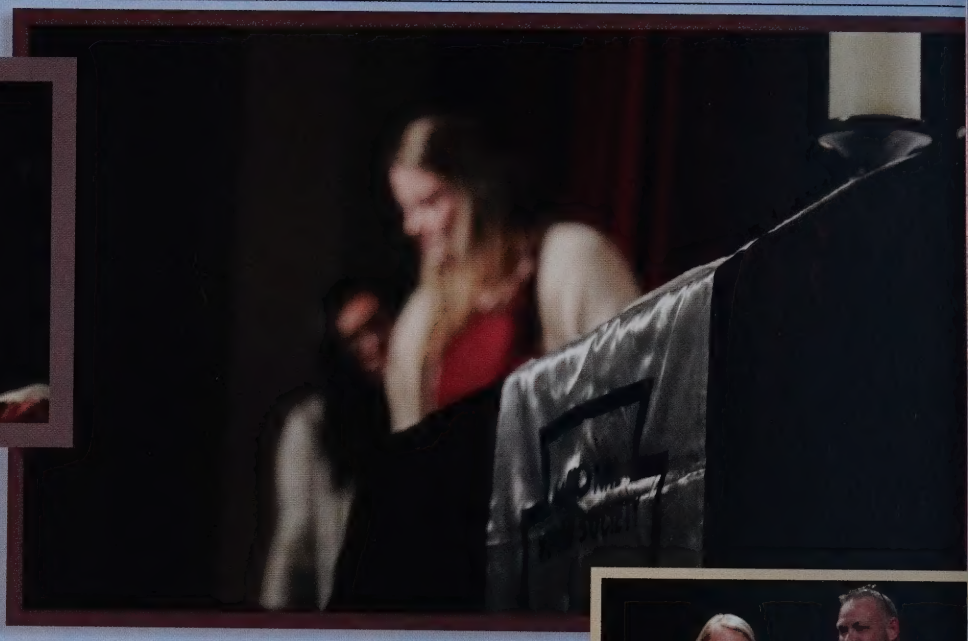
"The food drive is a great way to get the youth involved in contributing back to the community."
-Mark Crooks (11)

"Being able to help the people in need was a great way to engage in the community."
Nathan Spencer (12)

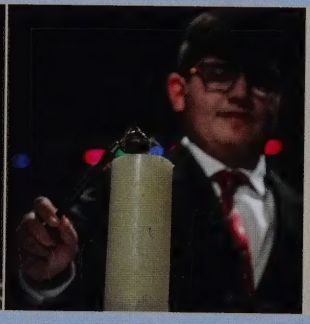


"It was a great way to be able to help my community and was a great experience."
Elijah Hamilton (11)





" My favorite part of National Honor Society (NHS) is being involved in the community and of course being president!"
- Jacob Beshara (12)



NHS officer Taylor Stanton (12) and advisor science teacher Greg Smith lit the candles that represent the pillars of NHS.

NHS is a nationwide organization that was founded in 1921 by the National Association of Secondary School Principals. Membership is extended to juniors and seniors who show qualities of scholarship, leadership, character and service. All candidates must have a minimum of a 3.5 GPA. Once accepted and inducted into NHS, members must maintain their GPA, and are required to do a minimum of 15 community service hours.

NATIONAL ART HONOR SOCIETY

Wall Mural

The National Art Honor Society was given the chance to paint the 3rd floor stairs walls. They wanted to make the walls as colorful as possible. Almost all the members spend their honorable time to paint the walls. They first wanted to do circles but they changed it to triangles. The more they work on the wall the better it looks.

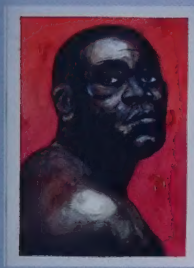
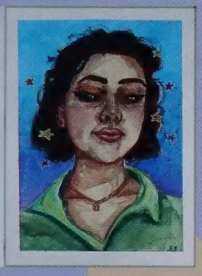
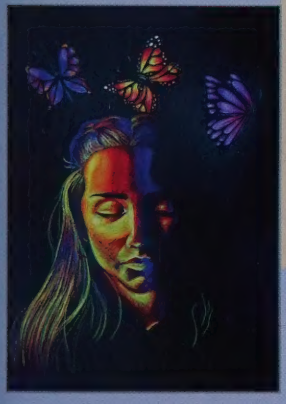
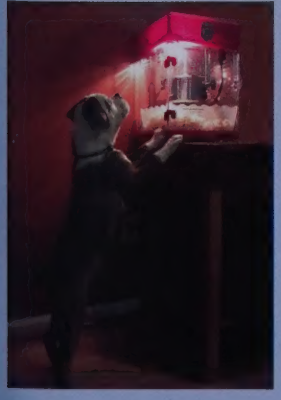
" My first year I didn't win anything so it's a personal accomplishment to see how far I've come!"

Senior Shaylyn Fraschetti enjoyed seeing how much she has improved over the past three years of entering her work into scholastics.





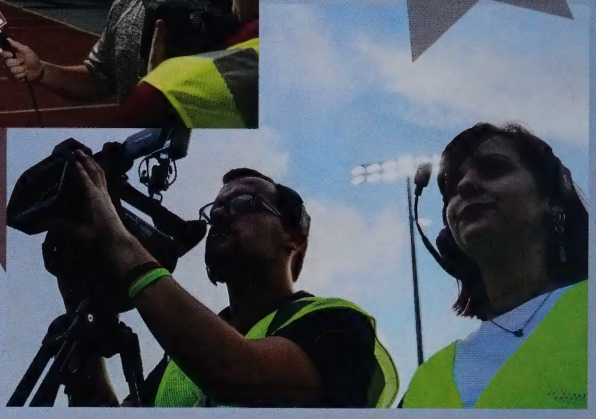




MHS Network

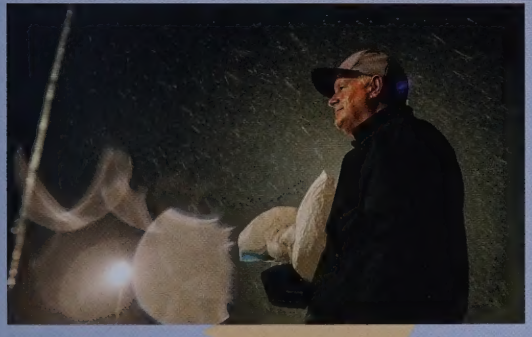
The Mishawaka Network is a way for students to get involved in promoting all of the great athletic, academic, and fine arts programs and achievements. Students work hard every day to record, edit, script, and much more. They put out weekly newscasts along with running live streams of sports and other special events such as concerts and commencement. Students learn all of the basics of video editing, audio mixing, and so much more. All of this is done as part of the MHS Radio and Television class.

above: A rose between two thorns. Izzy Barstow (12) is captured between juniors Takoda Stone and IsaacHayes during a break from Friday night football.



Izabella Barstow

"The Mishawaka Network has been like no other experience I have had in high school! Over the past two years my favorite nights have been during the football games. There is nothing like being on the sidelines. Having the opportunity to photograph the enthusiasm and love that the students have for the school whether they know it or not it has been the greatest gift. Over the past two years the team has built traditions on their own. Almost every game we would go out to eat after the games and celebrate. Those where the best nights and memories and I'll miss after I graduate. I can honestly say Mishawaka Network has become a second family to me, (especially the OG team from my Junior year) and has made my high school experience one I'm grateful for."

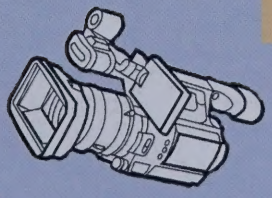


"We learn the ins and outs of the entire communication industry. What goes into creating everything from a newscast to a live event. It's also awesome that the school and MEF have been able to grant us all the great equipment we have. We use one of the best editing software in Final Cut Pro X. And none of it would be possible without the team of Dean Huppert, Matt Rendall and Meg Sauer. They're truly great individuals that care about the students and have the highest of expectations for the work that us students put out."

Isaac Hayes

Kyle Traxler

"The Mishawaka Network is one of the best classes to participate in at highschool. You are surrounded by a bunch of great people and friends. I've made new friends all year. The teacher of the class Mr. Rendall is absolutely amazing and is very helpful on whatever you need."



Robotics

Robotics is all about encouraging the future engineers and sharing the concept of FIRST. FIRST is For Inspiration & Technology. The concept of FIRST is Gracious Professionalism which makes FIRST different and wonderful. Our robotics opens many doors for many different types of students. Art, photography, engineering, and business are all critical parts of robotics, so no matter your interests robotics offers something for you.

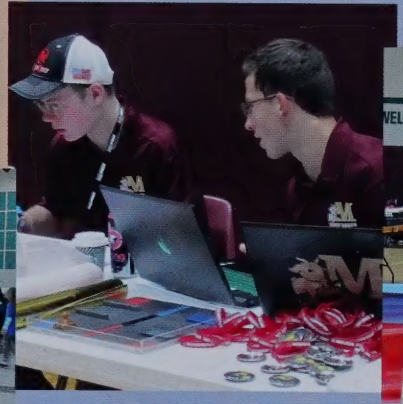
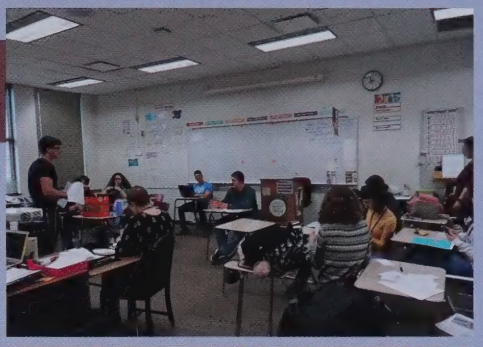
Dennis Willamowski said, "Robotics is all about teaching you gracious professionalism and showing respect to everyone."



Lief Wezeman said, "well if there is one thing you should know about robotics, it's that there's really always a place for motivated students. Obviously, if you're really into mechanical design, programming, or manufacturing, you will always be busy, but a lot of people don't realize the other side of robotics. If you love art, there's a job. If you love public speaking, there's a job. If you love video editing, there's a job. If you love finance management, there's a job. The possibilities are endless. The only condition is that you have to be dedicated."

Mock Trial

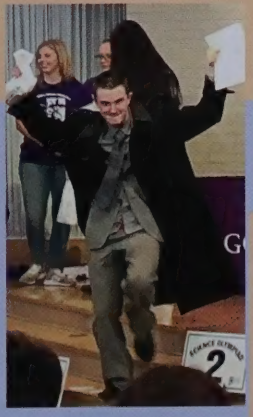
Mock Trial is a unique combination of criminal justice and the theater arts. This team competes to mock a realistic trial and attempts to formulate the most coherent judicial arguments while maintaining an active sense of performance art. Mock Trial members in recent years have won awards for being both outstanding attorneys and witnesses. The team generates significant levels of participation from the MHS community and has practicing attorneys to assist their endeavors. This team is perfect for anyone looking to practice law or just students who are interested in joining a team of leaders and academics.

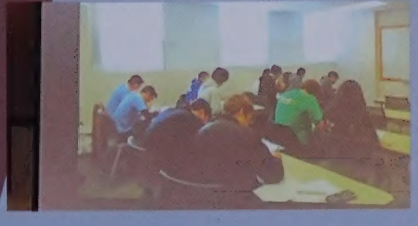


Kathryn Habel said, "Mock Trial is something that I've always wanted to be a part of, and I started last year. It's an amazing experience where you can hone your public speaking as well as your critical thinking skills, and I've made friends that I would have never made without it. It's an experience that I would recommend to anybody."

Science Olympiad

We had a small team this year but they built great relationships and leadership skills while learning new things about science.
They built things that took critical thinking and they exceeded our expectations. This team was very enjoyable and I had a wonderful time being their coach. - Mrs.Wisler





Science Olympiad is one of the most interesting and exciting clubs at MHS. Science Olympiad allowed members to explore a variety of scientific topics ranging from anatomy to astronomy. This club competes in numerous competitions across the state and has won medals in a plethora of academic disciplines. Overall, this club is a gateway for students to become invested in all forms of science and prepares students to succeed in future scientific studies and endeavors. Science Olympiad preaches essential values of teamwork and intellectual curiosity, which helps guide its members to a more fruitful understanding of science broadly.

How COVID-19 changed our lives

Nov. 2019

A novel coronavirus was first identified in China's Hubei province. The disease it causes attacks the lungs and causes rapid onset of pneumonia in already immunocompromised patients.

1.20.20

The first American case was diagnosed in Washington state. The illness rapidly spread across the globe, endangering mostly older adults and those with underlying and chronic health conditions, including lung disease, heart disease and diabetes.

Photo provided by CDC.gov

The World Health Organization (WHO) names the virus SARS-CoV-2 (Severe Acute Respiratory Syndrome Coronavirus 2) and the disease it causes COVID-19 (Coronavirus Disease 2019). Worldwide death toll is 1,107.

2/11

February 29

First US COVID-19 death

1 new case in Mexico

3 new cases in United States

5 new cases in Canada

March

Canada had 118 cases. United States had 1,267 cases. Italy had more than 12,000 cases.

The WHO declared SARS-CoV-2 a pandemic, which meant the 118,000 cases and more than 4,000 deaths worldwide required more specific and targeted attention and resources.

To slow the virus's spread, the US suspended European travel for 30 days.

12

Canadian Prime Minister Justin Trudeau and wife Sophie Grégoire Trudeau self-isolated after she experienced symptoms. He was cleared, but she had the virus.

Friday the 13th

16 US states closed schools to reduce spread of the virus:

Alabama	West Virginia	New Mexico
Wisconsin	Illinois	Oregon
Maryland	Pennsylvania	Virginia
Ohio	Louisiana	Utah
Kentucky	Rhode Island	
Washington	Michigan	

US declared a national state of emergency.

fourteen

-The US reported 2,816 confirmed cases and 58 deaths.
-Fifteen states activated National Guard troops to assist with virus-related concerns, including regulating the flow of medical supplies, food and shelter.
-Canadian provinces canceled schools as the numbers of infected rose.

- Canada reported 341 cases.
- More cases were reported outside mainland China than inside it for the first time in the history of the disease.
- The largest school district in the US, NYC Public Schools, closed.
- The CDC suggested a community ban on all gatherings of more than 50 people for at least eight weeks.

the ides (15)

Provinces, states and cities continued to implement strict measures to slow the spread of the virus. The movement, called "flatten the curve" prompted entertainment, bar and restaurant closures across the US and Canada. By Monday, all NBA, PGA, MLB, MLS, NASCAR, NHL, and NCAA sporting events were either canceled or put on hold for two or more weeks. Some especially hard hit areas, including seven counties in California, put a three-week-long "Shelter in Place" home restriction on citizens, requiring they leave their homes only for essential needs. Workers in essential services (emergency and medical, banks, grocery, pharmacy and food service) were exempted from the restriction, so they could work.

17 St. Patrick's Day

Celebrations were canceled (even in Ireland). Nonessential services (salons, movie theaters, shopping malls, etc.) were closed for 30+ days in many states. The Canadian-US border was closed to travel (but not trade) in a mutual agreement.

Ft: Gavin Hoover

This year Gavin was contracted to play in the US Premier Junior Hockey League (USPLH) He played for the Florida Eels Junior Hockey team located in Fort Myers, FL. and lived in Florida with a billet family from August to the end of March. Gavin spent everyday on the ice and in the gym training for his team. Some days he was on the team bus traveling to Boston or up and down the east coast to games. He was the first student to take classes through distant learning in this capacity. Gavin's experience could lead to Division 1 opportunities and beyond.

Lynnea Means has gone to the dogs

Lynnea has been involved in 4-H for seven years. She has shown dogs for seven years and rabbits for six. She has held the Jr. officer position in the dog program for three years. Lynnea said that being in 4-H has impacted her life and taught her important life skills like how to be a leader and make new friends. Being in 4-H has taught her how to take first place and last with the same amount of grace. Without 4-H in her life, Lynnea wouldn't be the person she is today, and wouldn't have found many of her passions. Lynnea and her dog Grace have earned Grand Champion and Champion in dog agility, reserve champion in dog obedience, and they were recognized for earning the second highest amount of points in all of the county dog shows, and 8th in state for agility. Lynnea and her rabbits have won best breed and best oppposite sex for the Holland Lop class.

ISSMA

ISSMA, the Indiana State School Music Association, is an annual competition of music. Students from Choir, Orchestra, and Band choose to either form an ensemble or go solo and preform by themselves. They decide on a level of difficulty to enter in and then are scored either Bronze, Silver, or Gold based on their performance. Congratulations to all the students who participated and put in all the hardwork!

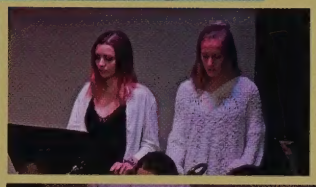
Concert Season

The MHS Band concert season occurs after marching season and is a time for students to really perfect their playing abilities. Students work hard on music in the winter and spring and hold two different concerts for the public to enjoy.



"Dance has been life-changing for me for the past 5 years of my life. It has made me into the person I am today. It has given me many opportunities to make lifelong friends. The coaches have also had a big impact on my life and has pushed me through my educational years."

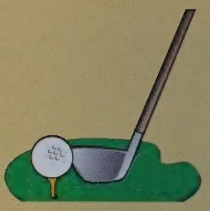
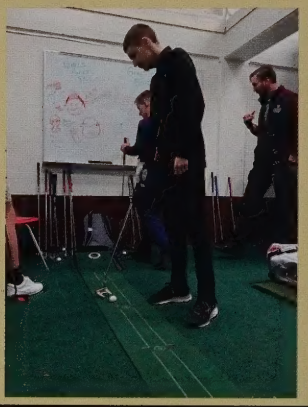
DANCE
Competition Season

Boys Golf Pre-Season

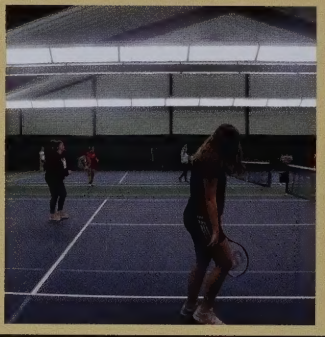


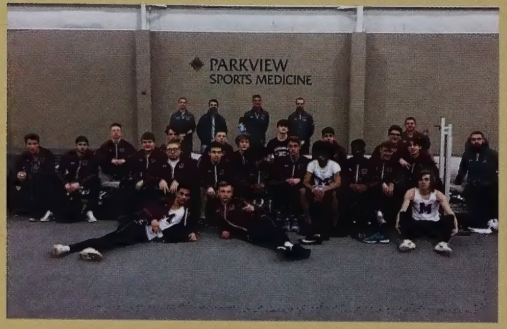
The Mishawaka boys golf team is working on preparing for the 2020 season. The team set up a new virtual hitting space. The boys are excited to hit the course with new techniques, golfers and a new confidence for the upcoming season.



Girls Tennis Pre-Season

The Mishawaka girls tennis team has kicked off their season! The girls have been working hard with conditioning, hitting the weight room and preparing for future games. The girls are full of excitement to see what this season brings to them. With hard work and preparation, the girls see a successful tennis season this year.





Track Pre-Season

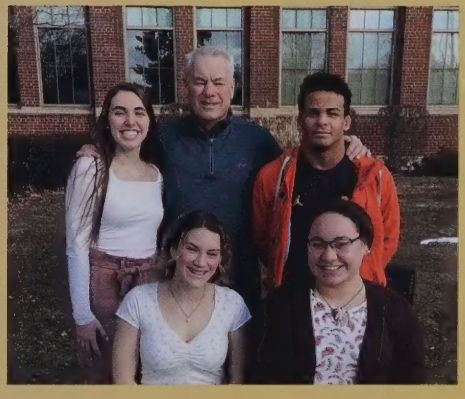
The Mishawaka track team sent many boys and girls to Trine University in Angola. There, the team competed in many events. The meet was a great start to kick off a great season! With much hardwork, the team will be ready for any obstacle thrown their way.

Boys Baseball Warmups

The Mishawaka boys baseball team is hard at work. They've began their conditioning and practices to prepare for their upcoming 2020 season. The boys are more than ready to prepare for an amazing season with hopeful mind sets toward winning their games. With much team effort, a great coaching staff and hearts toward a common goal, winning and having fun.

Student Council

Student Council plays a big role in a lot of our schools big events. These students pitched in by helping plan our two pep rallies, and our annual food drive. These events have been successful thanks to this year's strong leaders.



Champions Together

The Champions Together team have worked very hard this year. They held Trunk Or Treat in the parking lot to raise money for Special Olympics Indiana along with many fundraisers. These students were dedicated to helping others while still having fun and building new relationships throughout the year!

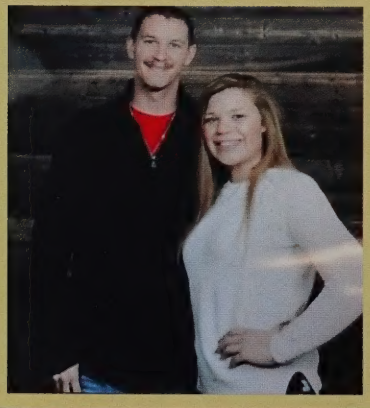
MERCEDES

"All of our dreams can come true if we have the courage to pursue them." -Walt Disney

Be the best you can be, only you hold the key to succeed. Don't look back, move forward, time is limited and strive to succeed. We are very proud of you and we love you to the moon and back. Enjoy the journey and soar!

Love always,

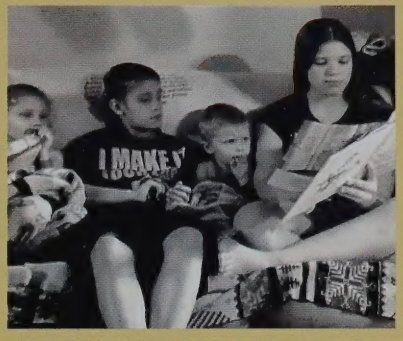
Nannie and PawPaw Schroth



RUSH

Mercedes Nicole Rush,
Where do I start? It seems like yesterday when I was holding you for the very first time. Mercedes, you are my first born, my baby girl and my best friend. We have been through so much over the years, that's for sure, knowing I did my job to make sure you know how much I love you means I did something right. You never have to question yourself about how much I love you like you do with other people in your life. I could run through a box of pens telling you how much I love you, how proud I am of you, and how excited I am for your future. Being your mother has been my greatest joy and the most important thing I will ever do in my life. You are a wonderful person, the best big sister, smart, kind, athletic, loving, outspoken and talented. I am a lucky mother.

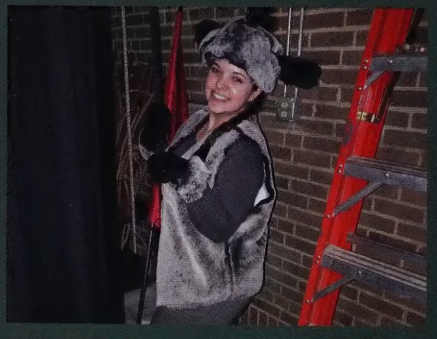
Love always and forever,
Mom



Shrek is a show full of fun fairytale creatures. There are many familiar faces in the show such as the iconic Three Blind Mice and the fan favorite Gingy along with characters like the spunky Egg.

Shrek also has many doluc citizens and other fun characters like Fiona's parents and Shrek's parents.

Shrek The Musical



Director, Mr. Gardner

We were devastated for our show to be postponed. However, theatre is all about passion and telling a story and now our cast has something to prove when they take the stage again!

The Show Must Go On

Musicals are very challenging to do. From learning lines, learning dances and learning songs, they also require a lot of help from pit and stage crew. All three groups have worked hard to make audience members enjoy the show. After weeks of hard work the musical was sadly postponed due to the Covid-19 outbreak but these students still have hope. On March 13th the Troupe wore all black in honor of their postponed show night. That same day they held a cast party to keep the cast's spirits up. Hopefully this cast will be able to do what they love which is putting on an amazing show for their wonderful audience members.

"Doing Shrek was a dream for my last show, and it couldn't have been any better. The cast, crew and pit were all wonderful and so uplifting to work with, I can honestly say this is the best and most dear to my heart show I've ever done"

The 106 edition of *The Miskodeed* was produced as a journalism class of 14 students at Mishawaka High School in Mishawaka, IN. It was printed by Jostens, Inc. in Clarksville, TN. Our sales representative was Phil Page and Jennifer Rudolph was the plant representative.

Theme: Long Story Short was developed at Josten's Fall Yearbook Workshop at Valparaiso University in Valparaiso, IN and editors Clarice Alexander, Autym Cole, Sadie Cothard, Leydy Galeano, Leah Teeter and Samantha Buchmann continued to refine it during class throughout the school year.

Cover: The cover was an original design created by senior student Kaylee Martino. The cover is a custom litho with high gloss litho 478 with Process Color 317 and UV Coating 350. The end sheets were printed on Snow White 280.

Production: The book's 140 pages are printed on 100 lb paper. Body copy was set in AYT Sunset Lt. Pages were designed and submitted using Josten's yearbookavenue.com website. The Miskodeed was created on Google Chromebooks and two Apple Imacs and one Apple macbook.

Photography: Class and faculty pictures, team, and group photos were taken by Contemporary Images. Sports candids were taken by Contemporary Images and senior photography student Izabella Barstow as well as staff photographers. Editing of candids was done during class by photo editors Michael Burris and Tasia Grzenia.

Special Thanks: We would like to thank our fearless leader, Mrs. Christie Buchmann who guided us through this process and allowed us to make decisions and mistakes that enabled us to learn how to publish and grow as leaders.

Long story short... Where are YOU?!
